

Magnifiers

See the world more clearly with APH's line of magnifiers.

APH has two desktop magnifiers (MATT Connect™ and Jupiter Portable Magnifier™) and two handheld magnifiers (Video Mag HD and Juno™).

Jupiter Portable Magnifier

The [Jupiter Portable Magnifier](#) is a sleek and compact device that helps users of all ages who are visually impaired see the world in high definition. Whether it's in the classroom, workplace, or at home, this powerful magnifier allows you to continue those activities that bring joy to everyday life, while exploring new opportunities for lifelong education. Use Jupiter's three camera modes (reading, distance-view, and self-view) to read a book or prescription bottle label, view a presentation or instructor at the front of the classroom, and complete grooming activities.

MATT Connect

The [MATT Connect](#) is a compact, all-in-one magnifier, distance-viewer, and educational Android tablet. Customize your learning experience through your MATT Connect's three interfaces: from simple magnification settings, to pre-loaded and feature-rich software options designed for learners of all ages and skill levels. This powerful device also allows students to magnify a print document, read a book from an online library, conduct internet research, and much more.

Juno

Magnify on-the-go with this powerful, 7-inch LCD touchscreen handheld video magnifier with Optical Character Recognition (OCR). Designed to accommodate the needs of students and adults with low vision, [Juno](#) is a great magnifying solution for use during work and recreational activities. Juno can capture and process multiple pages of printed text using OCR, giving users the option to either read the document themselves or have the text spoken aloud using text-to-speech (TTS). Plus, Juno's 180-degree rotating barrel camera supports four camera modes (self-view, reading-view, distance-view, and writing/hobby-view), enabling users to complete grooming tasks, view documents, read a bulletin board, fill out a form, sew, and much more.

Video Mag HD

The [Video Mag HD](#) is a durable handheld video magnifier with a 4.3-inch LCD screen that provides crystal-clear, full-color images by magnifying whatever appears under its auto-focus HD camera by 2x-13x. It is ideal for viewing labels, price tags, receipts, and more.
